If traveling by car:

Coming from the North

Get on Sheridan Road and continue driving South until you come to the intersection at Lincoln Street and Sheridan Road. Turn left on Lincoln Street and follow the road around the bend. You will pass a university gym called SPAC (Henry Crown Sports Pavilion) on your left. On your right you will see a parking lot, which you can park in using your visitor's pass. Try and find a spot as close to the southern most point of the parking lot as possible. Our lab is in the building just in front of the small roundabout, at that southernmost point of the parking lot.
